WRITING/WEBSITE SERVICES:

Service Description: You Talk. I Listen.

Looking for a writer to help convey your brand's message or tell your story, I can help!

Proper wording that matches what you are offering or attempting to convey is important. Let's connect and talk about it. Whether you need writing assistance with Blog Posts, Landing (home) Pages, Web Content/Copy, E-Books/Courses, or Ghostwriting services. I'm here to help.

"**You Talk. I Listen**," starts with a One-Hour Session where we discuss the heart behind the business. I love learning about your inspirations, which allows me to tailor the writing to your specific needs. The best take-away would be that you feel confident and reassured in your ideas, as well more grounded in how you wish to engage with your audience or customers!

I'm looking forward to working with you.

Please Note:

Getting to know your business is an important step! For me to properly prepare, please send me your current website if you have one, or details of what you would like included otherwise we can discuss options during our session.

\$25.00 IS FOR CONSULT FEE ONLY.

(non-refundable) ** If hired, \$\$ paid will be applied to 50% Service Deposit required before work will begin. Quotes will be sent within 48hrs of the meeting.

(Currently, all payments are processed using cashapp: **\$innergywrites**)

SAMPLE WORKS & FEE SCHEDULE AVAILABLE UPON REQUEST.
